These fun and relaxed crochet workshops are designed to take the fear out of crochet skills. They will help you develop knowledge of new stitches and techniques if you are an improver but will gently introduce you to this fab craft if you have no experience whatsoever.

Hooks and yarn are provided however if you wish to bring your own hook then that is fine.

All workshops start at 6.30pm and include refreshments. They are held in the shop on Berry Lane

Workshop dates are:
